# QC-FILTER SIMPLE & DUO

## SIMPLE

Modular filtration system with bayonet QC3 cartridge of 100% coconut shell carbon with NANOSILVER technology that provide water free of chlorine, odor and taste and more constant sterilization keeping bacteria away from filter.

## DUO

Modular filtration system composed of 5µm sediments QC3 bayonet cartridge made of antibacterial fiber of polypropylene and block carbon QC3 bayonet cartridge made of 100% coconut shell carbon with NANOSILVER technology that provide water free of chlorine, odor and taste and more constant sterilization keeping bacteria away from filter.

**Both** of them include:

- Installation Kit
- Margarita faucet
- WATER STOP leak detector

**SPECIFICATIONS:**

- 3/8" tube set
- Max. Temperature: 38°C
- Work pressure: 2,5 – 4 Bar
